### Tarset and Greystead Neighbourhood Development Plan - Response form for Pre-Submission Draft 2015

This is your opportunity to make sure that this draft Neighbourhood Development Plan for Tarset and Greystead reflects what the community wants for our Parish.

Please take time to read through the policies in the Pre-Submission Draft Plan <u>before</u> completing this response form. For your convenience, the page numbers for each policy in the Pre-Submission Draft is shown after each title below.

The Policy Intentions included on this form are only to give a <b>simple summary</b> for each of the seventeen policies. Their inclusion on this response form is to provide an aide memoire and not a substitute for reading the fine detail written into each policy in the draft Plan.
Please $\checkmark$ the appropriate $\square$ to indicate your support for each of the seventeen policies.
If you need to continue your comments on a separate sheet, please write the relevant policy number (e.g. TG8) beside each set of comments.
1. GENERAL DEVELOPMENT PRINCIPLES
Policy TG1: New Development in Tarset and Greystead (Pages 15- 16)
TG1: Policy Intention  To provide an overarching, positive framework for new development in the Plan area to meet the needs of local communities through the encouragement of all types of development where compatible with the purposes of the National Park and its policies.
Do you support this policy? $\square$ Yes No $\square$
Any comments?
Policy TG2: General Development Principles (Pages 17-20)
TG2: Policy Intention
To provide a general policy to be applied alongside other policies in the Plan, to ensure that all new development is positive and beneficial to the local communities, local environment, heritage and landscape of Tarset and Greystead.
Do you support this policy?
Any comments?
Policy TG3: High Quality and Sustainable Design (Pages 21-26)
TG3: Policy Intention
High quality design which reflects the character of the settlements and highly sensitive landscapes is central to all new development. This policy seeks to explain what is meant by high quality design and seeks to ensure that all new development incorporates the criteria identified in policy TG3 where relevant to the application.
Do you support this policy?

Any comments?

## 2. DEVELOPMENT IN THE SETTLEMENTS OF LANEHEAD AND GREENHAUGH

Policy TG4: Protection of Open	Space between G	reenhaugh and Lanehead	(Page 28)			
TG4: Policy <u>Intention</u>						
This policy seeks to ensure that no development takes place in the open countryside between Lanehead and Greenhaugh except those proposals that accord with Paragraph 55 of the NPPF. The purpose is to prevent a gradual merging of the two settlements and to keep a clear definition of character in terms of open countryside, settlement, and 'outliers' (see Policy TG5) and maintain the character of those areas.						
Do you support this policy?	Yes	No□				
Any comments?						
Policy TG5: Spatial Developme	nt in Lanehead	(Pages 29-31)				
To provide a positive framework f settlement and to ensure that dev	•

Do you support this policy?	Yes	No				
Any comments?						
3. DEVELOPMENT OUTSIDE SETTLEMENTS						
Policy TG7: Conversion of Redundant Buildings (Pages 35-37)						
To provide a positive framework for the conversion of redundant buildings in the Plan area, giving an equal status to residential and business use. To ensure conversions are carried out sympathetically to maintain the historic integrity of the building and ensure the conversion has a minimal impact on the wider landscape.						
Do you support this policy?	Yes	No				
Any comments?						

# THE HISTORIC ENVIRONMENT 4. **Policy TG8: Heritage Assets** (Pages 38-41) **TG8: Policy Intention** The purpose of this policy is to protect, enhance, and where possible interpret the historic environment of Tarset and Greystead, ensuring that new development maintains the quality and distinctiveness of these assets, whether designated or not, and their settings. The policy seeks to re-inforce local distinctiveness and character in planning decisions where changes are proposed which affect the historic environment. No ☐ Yes Do you support this policy? Any comments? Policy TG9: Tarset and Greystead Bastles (Page 42) **TG9: Policy Intention** To ensure that the important setting of the Bastles and the Tarset Bastle Trail is maintained, and that future development does not prejudice the re-introduction of sight lines between groupings of bastles in the future. No Yes Do you support this policy? Any comments? TG10: Archaeology (Page 43) **TG10: Policy Intention** To ensure that archaeological remains are documented as part of any development proposal, and that remains of schedulable quality are not ignored because they are not scheduled. Yes $N_0$ Do you support this policy? Any comments? 5. **LANDSCAPE** Policy TG11: **Development in the Rolling Upland Valleys** (Pages 45-47) **TG11: Policy Intention**

# To protect and enhance the special features of the Rolling Upland Valleys, and ensure new development reflects the special features identified in the Plan. Do you support this policy?
